

What's rocker, and why?

Rocker makes snowboarding better, easier & more fun. Rocker removes camber and makes the board banana-shaped; your control goes back between the feet, edge catches become history, and powder becomes everyone's playground.

LTR Specific Burton gear designed especially for those Learning To Ride (LTR!). Soft rocker boards with upturned edges for easy riding & fast progression from the very first day. These boards turn themselves! 6 day rate with boots & bindings just 99€!

BUDGET This is the same gear that many shops call their 'top of the line'! Perfect for those looking for performance on a budget - or who are really starting to get it after a few days on snow. Burton Clash, Bullet (big feet) & Feather (girls) boards feature rocker and medium flex for maximum on-snow fun. 6 day rate with boots & bindings just 129€!

PRO The real deal. Burton Custom Flying V and Feelgood Flying V boards have a mixture of positive and reverse camber to take your riding to the next level. Leave the intermediate plateau behind with the premium pop and powerful precision of these top-end boards. 6 day rate with boots & bindings 179€

SPECIAL OPS If it dumped a meter last night, or you plan for the day of your life on snow, you need Zero G's Special Ops boards. Burton Fish, Burton Malolo, Dupraz D1, Apo Swallowtail, Lib Tech Travis Rice Banana Hammock, Lib Tech Skate Banana – the absolute best-in-class rental range, anywhere. Constantly evolving...the latest & greatest! 6 day rate with bindings 200€

Hate rocker?
In all categories we've got you covered; nice cambered boards with tons of pop.
